

RENAL

RENAL transport box , attached to the tractor with three point hitch.

The boxes are manufactured with a hydraulic or manual tipper or without a tipper. The side of the boxes are made of folded 1,5 mm sheet metal, 550 mm high. The floor is made of 2 mm sheet metal. The boxes are also equipped with a blade. The load capacity of our boxes ranges from 500 kg to 1000 kg

THE BOXES DOESN'T HAVE TO BE REGISTERED

They can be used in many different applications. The boxes are ideal for farms, household, construction and utility companies. They can be used to transport many things, bulk materials, as well as wood etc.

Additionally, the boxes can be equipped with 500 mm mesh tops and folding sides (rear and 2 side walls)

Dimensions: 150/135/55 , 180/135/55 , 200/135/55
